

ICAJ Webinar

Preparation and Practice: A Roadmap to Development

How to Build Scalable and Sustainable SMPs

Presenter: Carlene Ferguson, FCCA, CFE, CIA, CISA, MBA

Today's Objectives

Insights and best practices for growth and longevity in Small and Medium Practices

Explore
Strategies for scaling SMPs

Connect
With practitioners at all stages

Equip
With practical tools for growth

Why Scalability Matters

Scalability

Expand services without compromising quality

Sustainability

Ensure long-term viability through planning

Relevance

Adapt to tech, regulations, and client needs

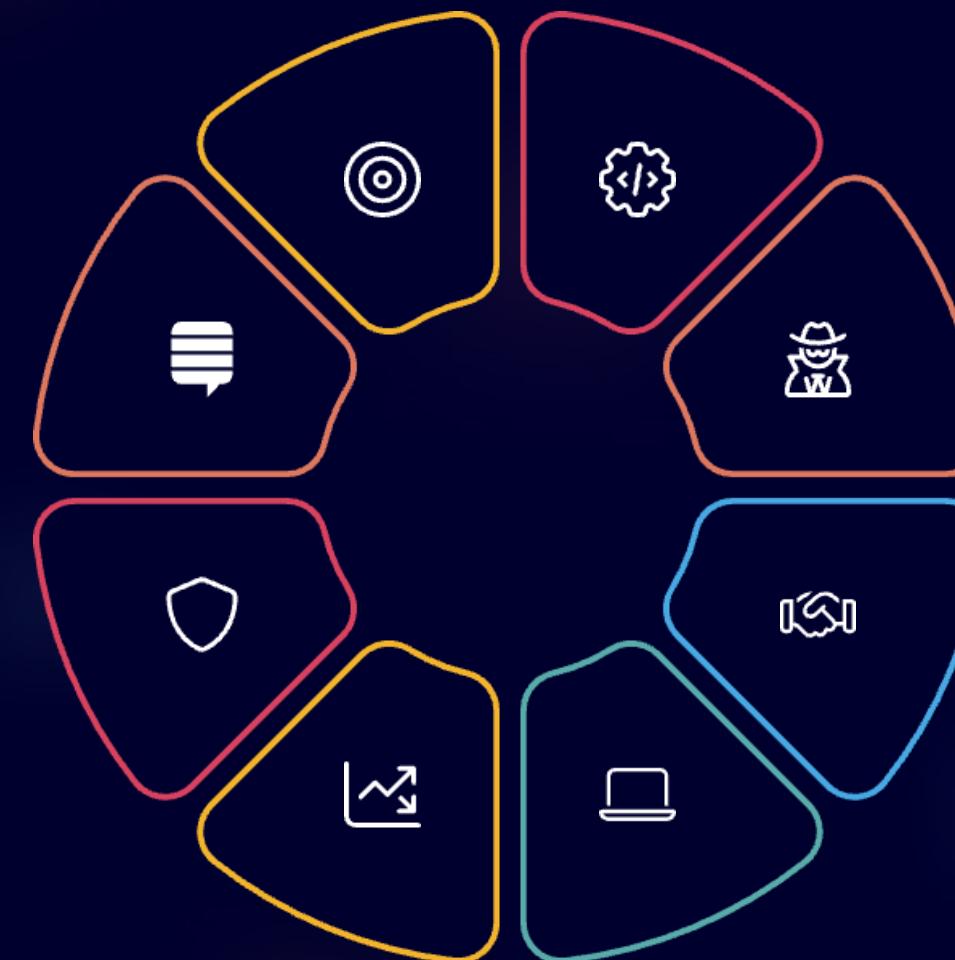

Core Elements of Success

Strategic Planning
Clear vision and roadmap

Succession Planning
Leadership transitions

Risk Management
Mitigate potential risks

Financial Management
Ensure profitability

Efficient Systems
Standardized procedures

Talent Management
Skilled professionals

Client Relationships
Strong partnerships

Technology
Digital efficiency

Strategic Planning for Growth

Define Your Niche

Identify specializations to differentiate

Set Clear Objectives

Establish measurable goals

Monitor Progress

Review performance and adjust

Efficient Systems and Processes

Standard Operating Procedures

Document workflows for consistency

Quality Control

Establish review mechanisms

Technology Utilization

Adopt software for automation

Continuous Improvement

Regularly refine for efficiency

Talent Management Strategies

Building Client Relationships

Understand
Needs

Regular
communication

Value-Added
Services

Beyond traditional
accounting

Feedback
Systems

Gather and
implement input

Long-Term
Partnerships

Build trust and
reliability

Technology for Efficiency

Cloud Computing

Remote access and collaboration

Automation Tools

Streamline repetitive tasks

Data Analytics

Insights for decision-making

Cybersecurity

Protect client information

Financial Management

100%

Budgeting

Develop and adhere to plans

30d

Cash Flow

Monitor to ensure liquidity

4x

Profitability

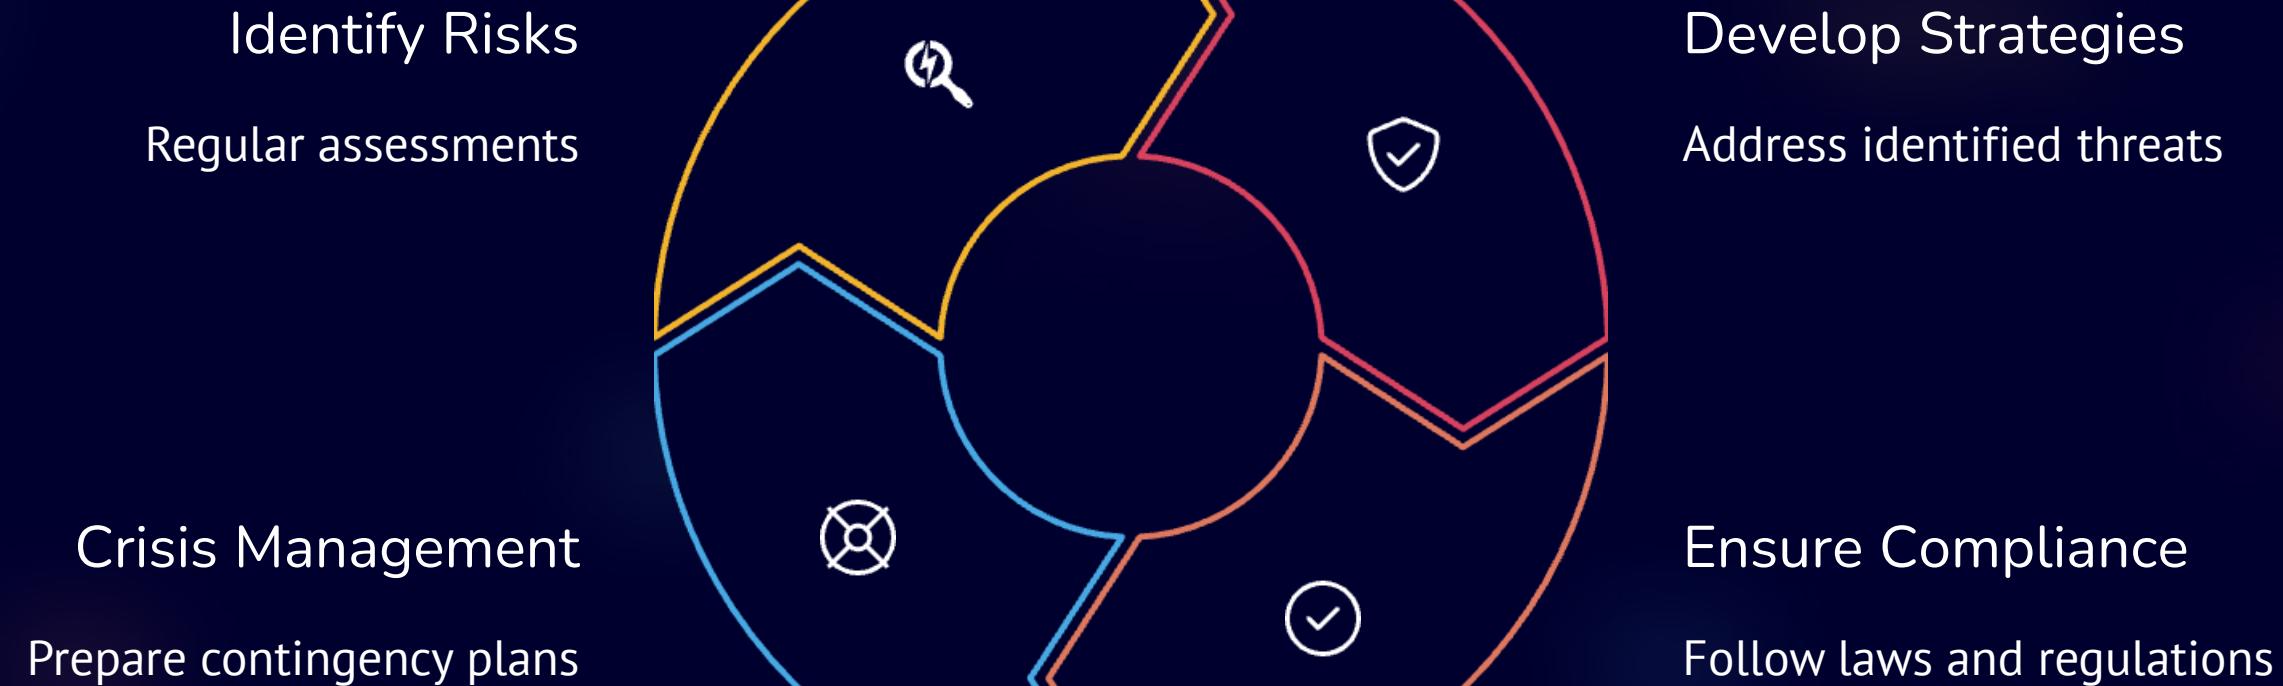

Regular performance assessment

3+

Revenue Streams

Diversify income sources

Risk Management Framework

Succession Planning

IFAC Best Practices

Transformation Plan

Roadmap to adapt and thrive

Learn from global SMP experiences

Management Guide

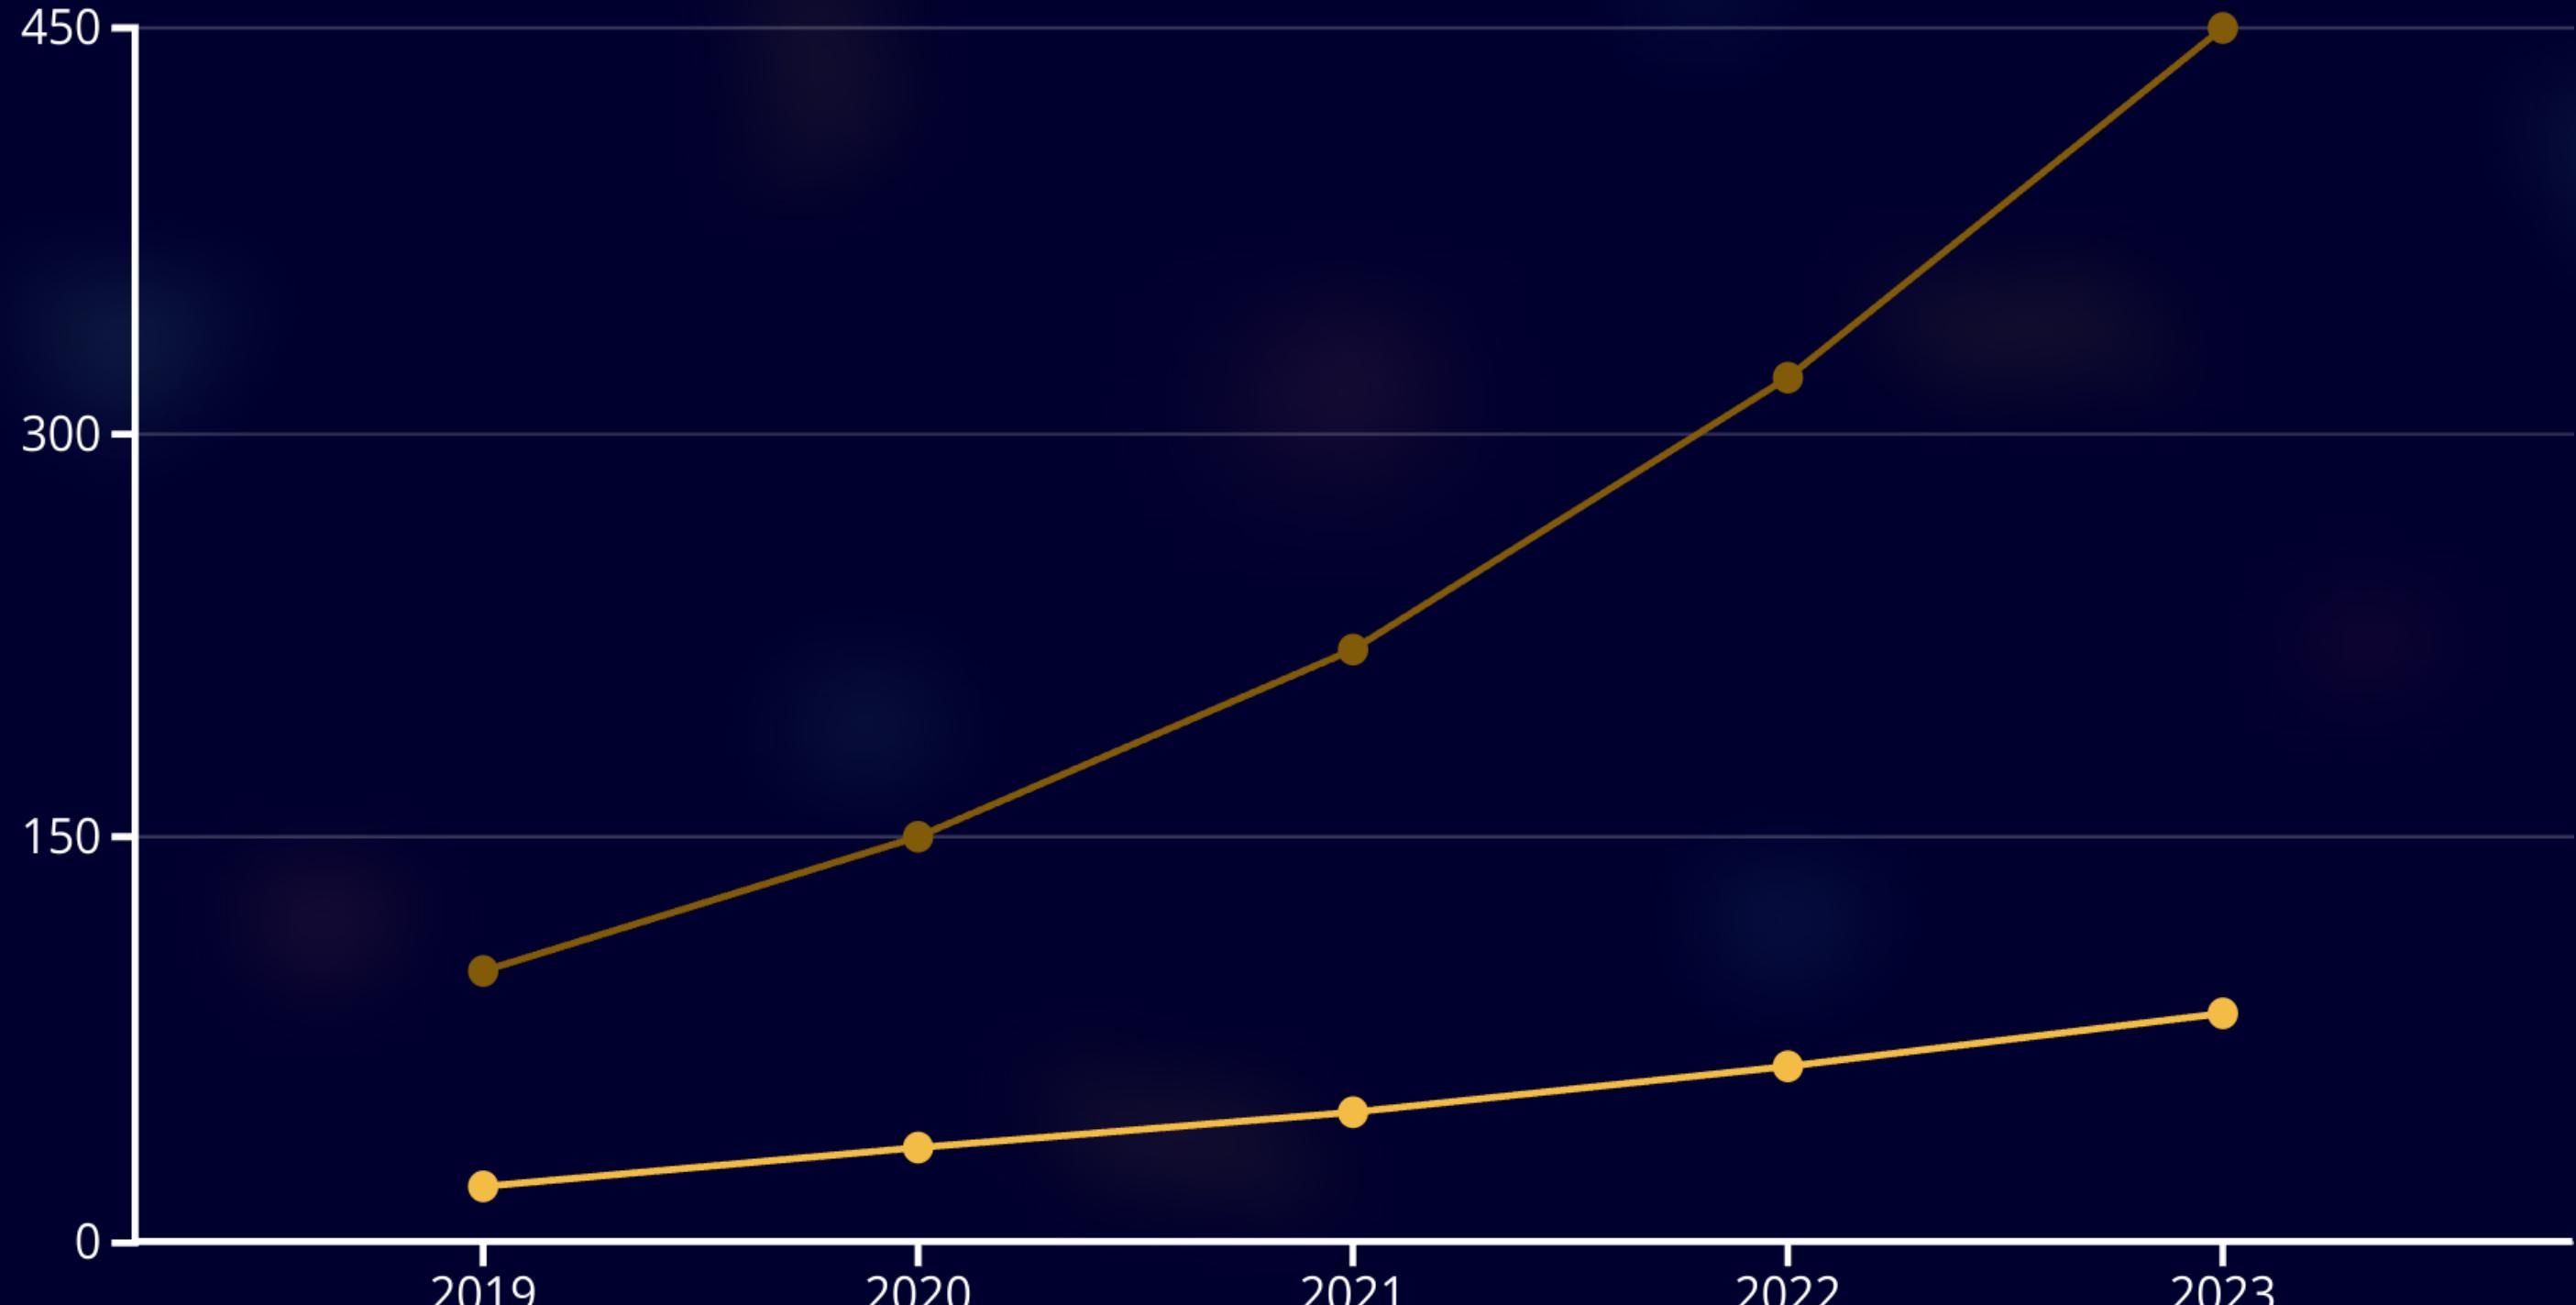

Comprehensive growth guidance

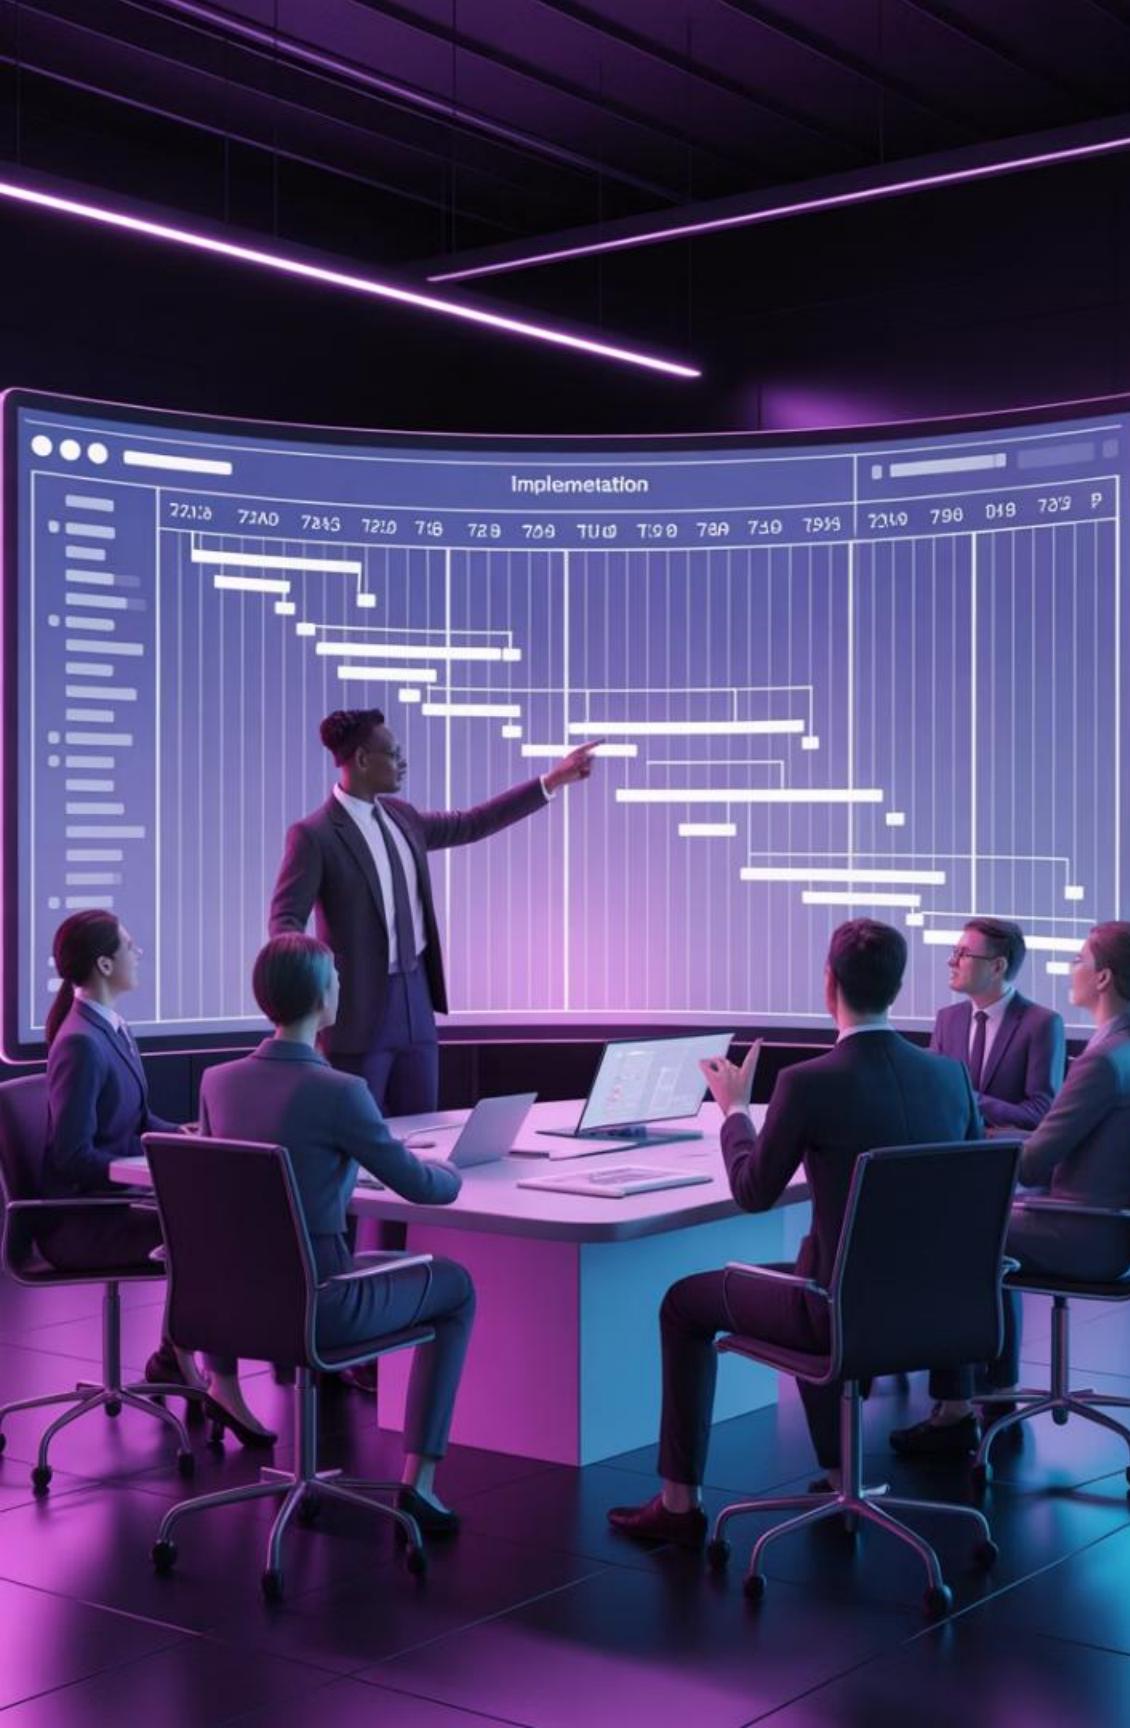

Training Resources

Continuous development materials

Success Case Study

Implementation Roadmap

Assessment

Evaluate current state

Planning

Develop strategic roadmap

Implementation

Execute priority initiatives

Refinement

Adjust based on results

Common Challenges

Resource constraints, technology gaps, talent retention, market competition

Overcoming Barriers

Challenge

Limited resources

Technology adoption

Talent retention

Market competition

Solution

Prioritize investments, phased approach

Start small, build competency

Culture, growth opportunities

Differentiation, niche focus

Key Takeaways

Strategic Vision

Clear direction drives growth

Efficient Systems

Standardization enables scaling

People First

Talent drives sustainable success

Embrace Technology

Digital tools amplify capabilities

Next Steps

Self-Assessment

Evaluate your practice against framework

Prioritize Areas

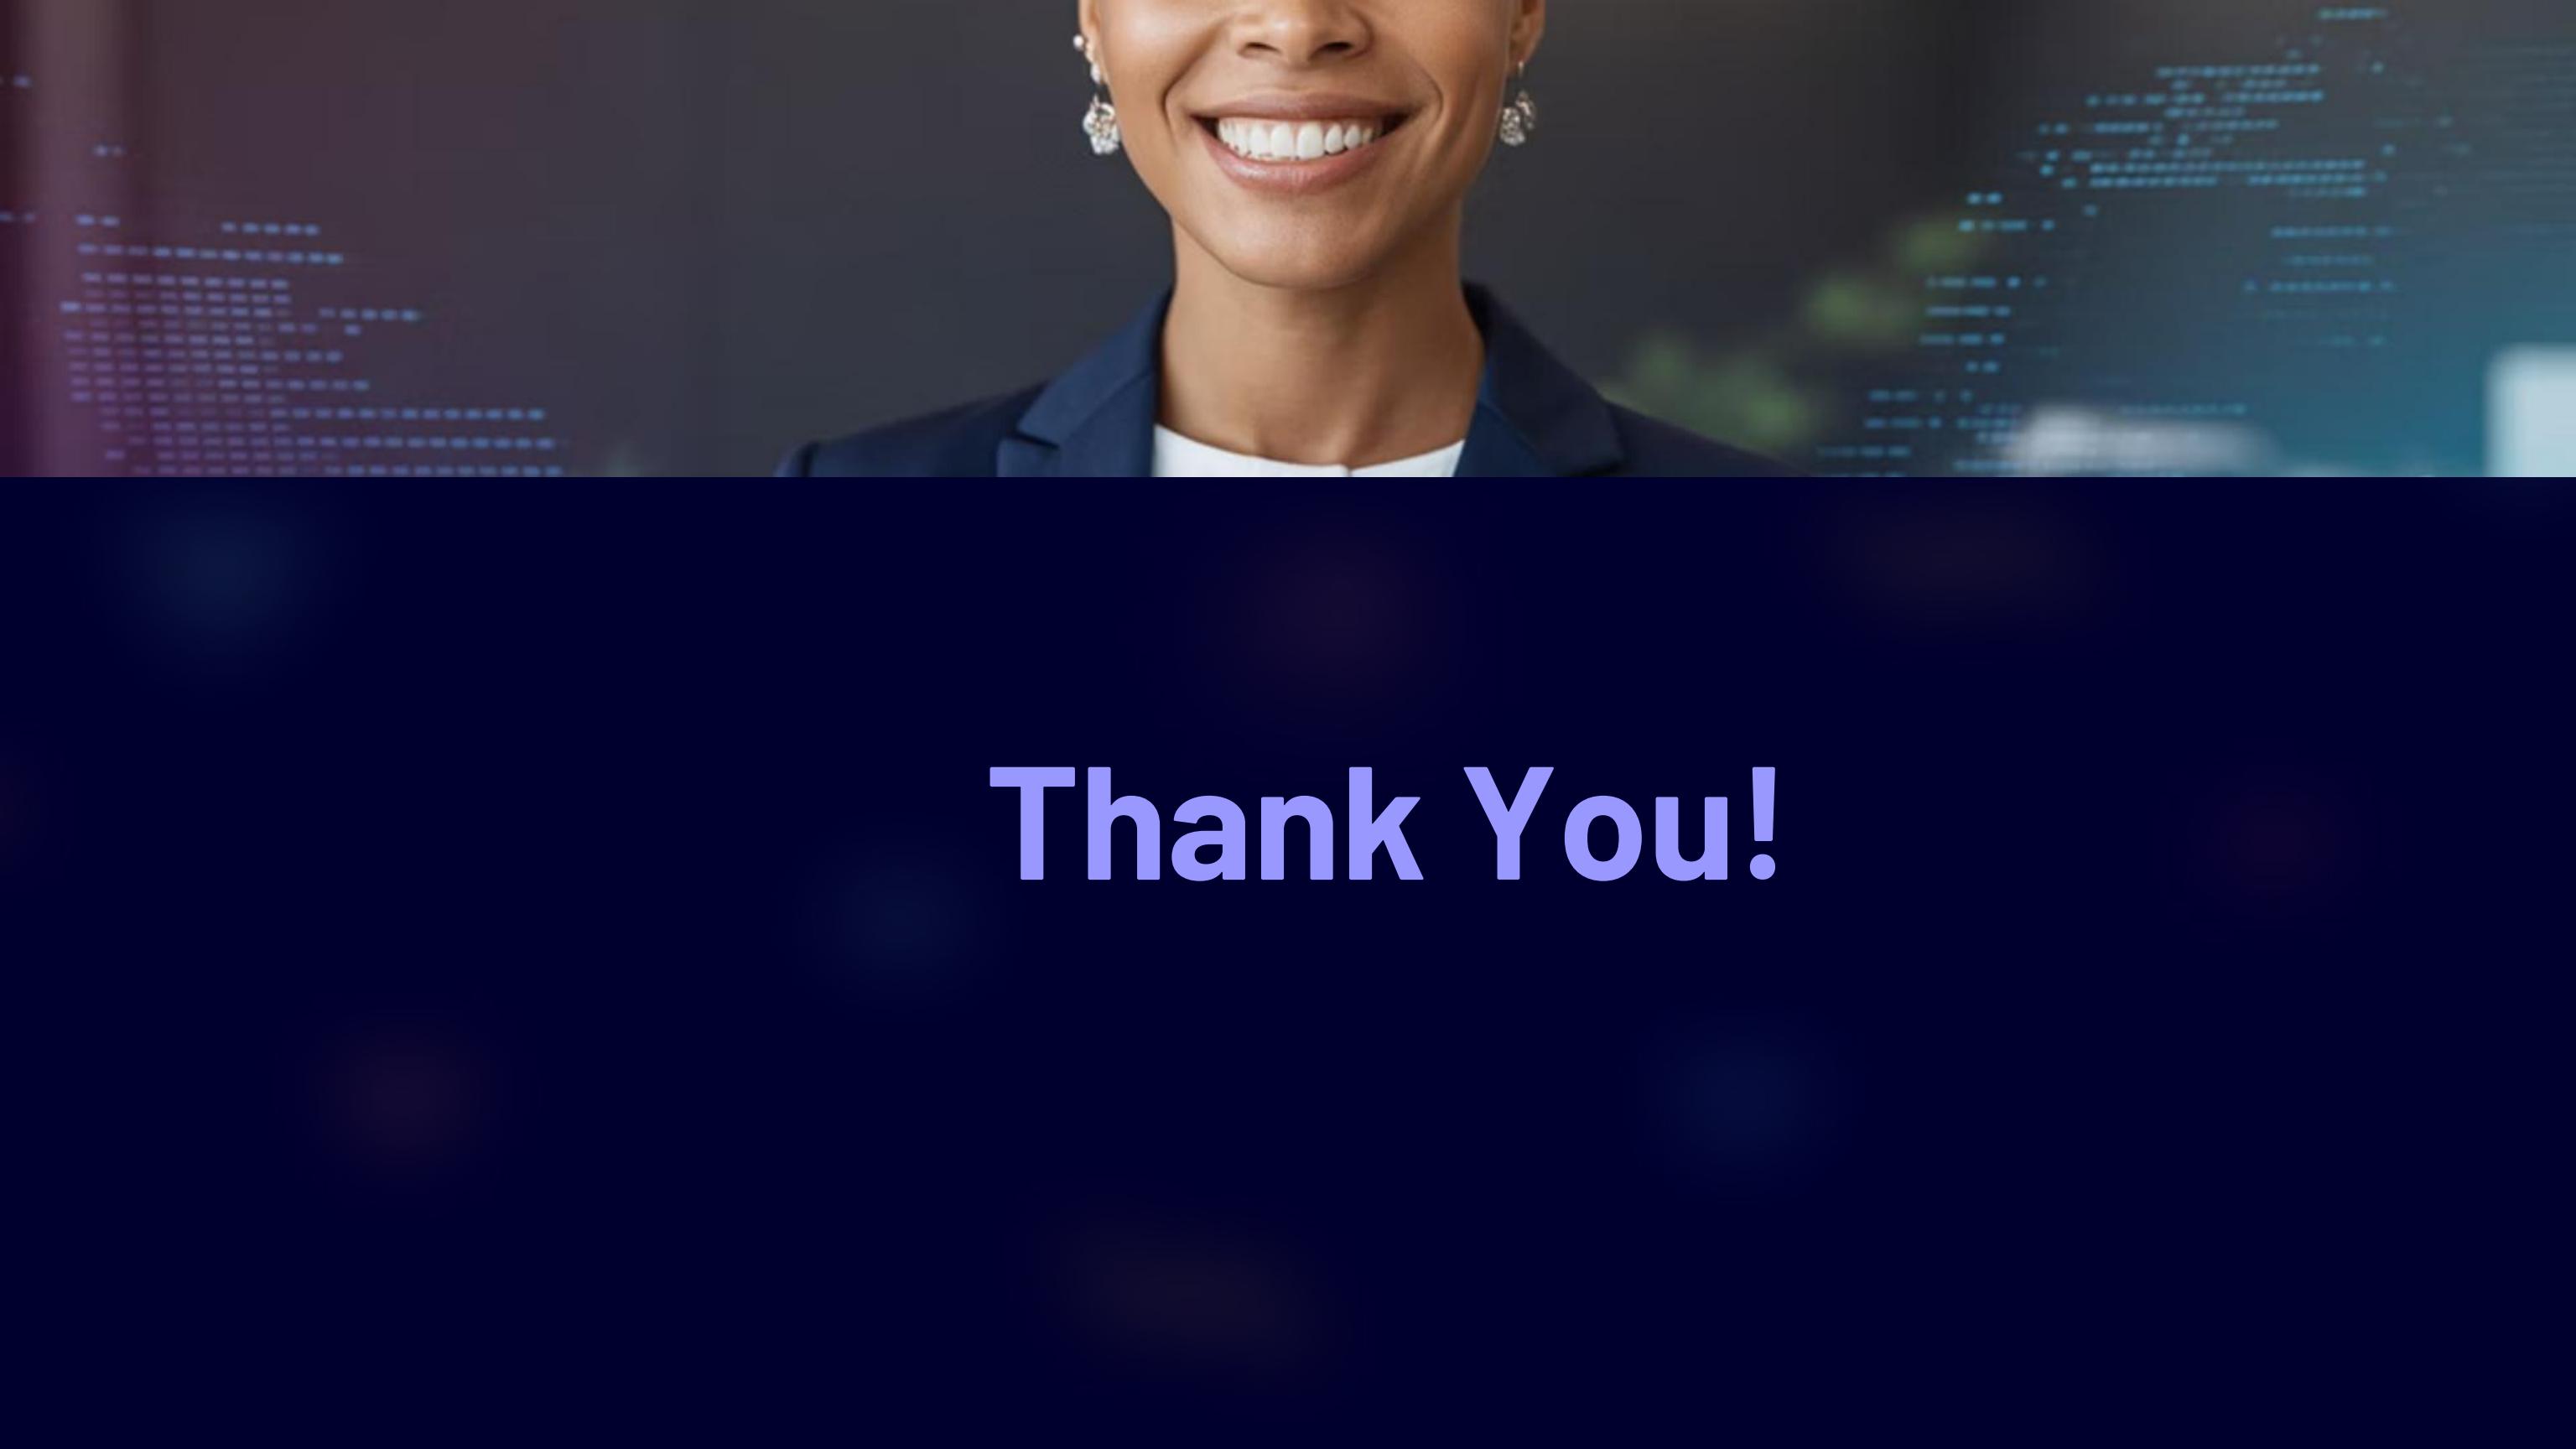

Focus on highest-impact opportunities

Develop Action Plan

Create roadmap with measurable goals

Seek Resources

Utilize IFAC tools and community

Thank You!
